Song Title: Saved

Verse I

And so I fell for your grace and charm
Like it would do, do no harm
But can't you see your deck of cards
Cause I'm falling from the sky so hard

Pre-Chorus

I know I know I can't help myself
I know I know I can't help myself
I know I know I can't help myself

Chorus

Cause you saved me
Oh oh oh
Cause you saved me
Oh oh oh

Tag

Oh for now
Oh for now
Oh oh for now
Oh for now

Verse II

And should I follow, follow this storm
But I don't know if I can take anymore
And could it be, be too late
But you know that moment's so great

Pre-Chorus

I know I know I can't help myself

I know I know I can't help myself
I know I know I can't help myself

Chorus

Cause you saved me
Oh oh oh
Cause you saved me
Oh oh oh
