Song Title: Breakthrough

Verse I

Could you just whisper
Another secret to me
Cause God I'm so lonely
But I know there's got to be a reason

Verse II

And each day gone passing
Try to go on as usual
I just don't know where to lay my head
Cause everyday feels like the bitter end

Chorus

But a oh oh oh
I'm seeing through to you
I'm seeing through to you
Da da da da da

Verse III

And I'm feeling so anxious
Look around to no one yet everyone
And you think this could be forever
But when the day is through I think of you

Chorus

But a oh oh oh
I'm seeing through to you
I'm seeing through to you
Da da da da da

Verse IV

And when that moment's right
Could you spread some of that precious light
And grant my forever dream
That one which seems so unseen

Chorus

But a oh oh oh
I'm seeing through to you
I'm seeing through to you
Da da da da da
