Song Title: Double Or Nothing

Verse 1:

Come up and say you will

The joker asks while he flips his favorite bill

The country man's found his perk

While the city girls flaunts her favorite skirt

Chorus:

Oh oh double or nothing

Oh oh the dealer's just spoken, spoken

Tag:

And oh oh tonight

Oh oh that's right that's right, and

Oh Oh tonight

Oh oh that's right, that's right

Verse 11:

Wonder where that old summer air

The kind we used to smell driving in our chevy bel air

Turn which way on every street

colors of red and blue scrambling to beat the heat

Chorus:

Oh oh double or nothing

Oh oh the dealer's just spoken, spoken

Tag:

And oh oh tonight

Oh oh that's right, that's right and

Oh oh tonight

Oh oh that's right, that's right

Chorus:

Oh oh double or nothing

Oh oh the dealer's just spoken, spoken

Tag:

And oh oh tonight

Oh oh that's right, that's right and

Oh oh tonight

Oh oh that's right, that's right
